

Office Memorandum • UNITED STATES GOVERNMENT

TO : Assistant Director, ORE

FROM : Chief, ICAPS

SUBJECT: Production of Population and Manpower Studies

DATE: 2 October 1947

1. Attached is a copy of a communication from the Deputy Director of Intelligence, Military Intelligence Division, War Department General Staff on the above subject.

2. It is requested that an officer from ORE be designated to consult with ICAPS on this subject in the preparation of the program for coordination recommended in the attached communication.

3. It appears the studies which will result from the proposed program may logically fall under the basic intelligence program already initiated. However, special approach to the problem, with the participation of the interested outside agencies, may speed its solution and need not confuse the basic intelligence program.
